

Home Learning Ideas

Week Beginning 11th May

Well done if you had a go at the last lot of activity ideas we gave you! Below are a few more for you to try over the next couple of weeks, should you want them. Don't forget to let us know how you get on – Tweet or email.

(The letters in brackets, at the bottom of each activity, represent the main areas of learning covered.)

Remember also, our Traditional Tale this half term is Jack and the Beanstalk; and our Rhymes of the Month for May are 'Row, Row, Row Your Boat' and, our counting rhyme, 'Five Little Men in a Flying Saucer'. (R/N)

Letter Formation

Some of you are wanting to write letters and even your name, which is great. It will really help you later on if you can try to write your letters correctly, thinking about when you take your pencil off the paper and when you don't. The RML letter phrases are on the Nursery page of the school website but you could have a look at this too, to help you recognise and write lowercase letters.

(MH/R)

Junk Modelling

What can you make from food boxes, cardboard tubes, ribbon, newspaper etc?
What will you use to hold it together?

(U/SSM/MM/BI)

Joe Wicks

You may have already joined in with Joe Wicks' daily P.E. sessions but here's one for you to try that's aimed at younger children. The whole family can join in too!

Hunt Around the Home

Can you find:

- *something shiny?
- *something round (a circle)?
- *something made of wood?
- *something green?
- *something bendy?
- *something to cut paper with?
- *something with numbers on it?
- *3 things beginning with 'p'?

(L/U/R/N/SSM/TW/MM)

Touch Counting

Here are some things for you to try and count around your home, or think of some of your own (remember to count slowly and touch one thing and say the number name at the same time):

- *pillows on mum's bed
- *toothbrushes in the bathroom
- *chairs around the dining table
- *the stairs

Here are some counting games to try on a phone or tablet too:
